

THE STAR OF ENERGY SAVINGS

Ali'i EXTREME

Window & Door Series

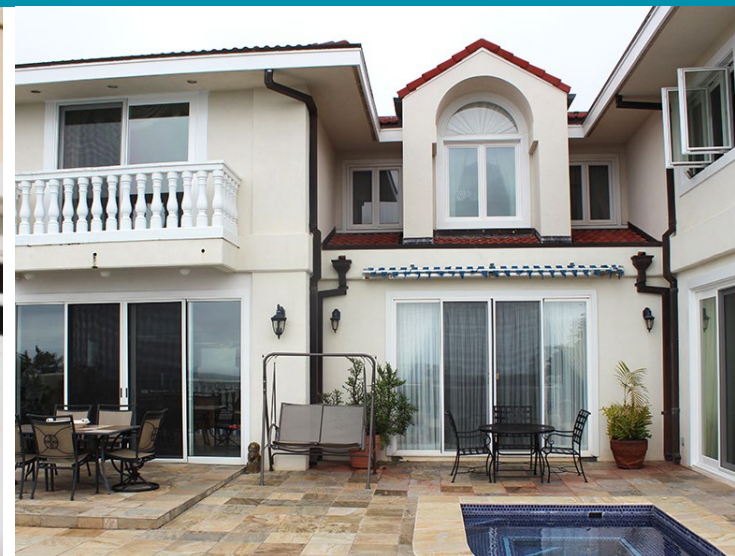

THE ULTIMATE IN DUAL PANE ENERGY PERFORMANCE

ANLIN PARTNER SINCE 1995

Exclusive Authorized Anlin Dealer in Hawaii

Ali'i EXTREME

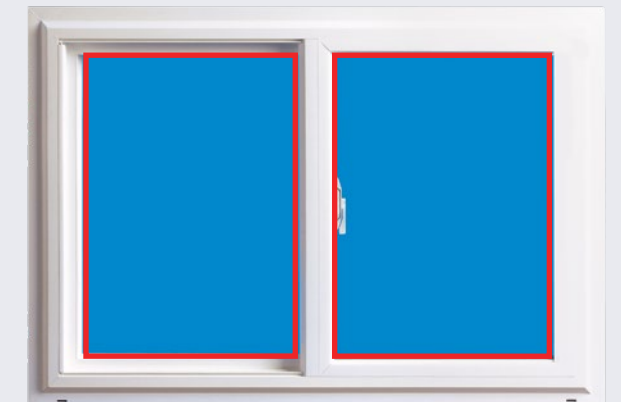

Ali'i Extreme Window & Door Series is designed specifically for Hawaii's climate. They offer beauty, energy efficiency, quality and are backed by the most inclusive lifetime warranty in the industry.

Windows Hawaii is an Exclusive Authorized Anlin Dealer in Hawaii and specializes in installing Anlin products. With over 25 years of partnership with Anlin, Windows Hawaii has been recognized as an Anlin 5-Star Partner. Their knowledge and experience in Anlin products ensures quality work and homeowner satisfaction.

The Beauty of Even Sight Lines

Ali'i Extreme windows bring a balanced, symmetrical look to your home for enhanced curb appeal. The glass area is the same on both sides of the window.

Even Sight Lines

Frame Depth

With a variety of frame depths and styles, Ali'i Extreme windows and doors can accommodate almost any application.

A Superior Warranty

Ali'i Extreme windows and doors are backed by the most inclusive double lifetime warranty in the industry. Should your windows or doors ever require warranty repairs, Anlin will make them via Windows Hawaii, free of charge, for as long as you live in the home. Anlin's double lifetime warranty coverage is also transferable to one subsequent homeowner should you sell your home. That's two lifetimes of truly worry-free windows and doors.

Next Generation High Performance Glazing System

Anlin Infnit-e
Ideal for All Climates and Excellent Solar Protection with Highest Visible Light
Anlin Standard Glass

Anlin Glass Optional Upgrades

Anlin SunMatrix
4-layer Low-e Coating
99% UV Block

Anlin SunShield
Blue/Gray tint on the exterior glass for maximum solar protection against extreme temperatures and sun exposure.

Anlin Sound Package
Reduces unwanted noise up to 50%. Varying thicknesses of glass reduce bounce and vibration as argon gas dampens transfer of sound waves.

Easy Clean Coating

With PLUS Easy Clean Coating

Without PLUS Easy Clean Coating

AnlinArmor
Peel-Off Protective Film

- Anlin Armor:** An easy peel-off protective film that keeps your windows in pristine condition throughout manufacturing, delivery, and installation.
- Anlin SunMatrix:** 4 Layers of energy efficient Low-E coating that reflects and substantially reduces the amount of solar heat entering the home. Optional Upgrade
- PLUS Easy Clean Coating:** An exterior coating that breaks down pollutants and dirt, keeping your windows clean longer.
- Platinum Elite Spacer:** The most advanced, thermally efficient, commercial rated, low conductance warm edge spacer in the industry.
- True Dual Seal:** A moisture vapor barrier (black), fused with a commercial rated structural silicone (gray), assures lifetime durability.
- Moisture Stop:** An advanced silica drying agent that continuously extracts any moisture vapor from within the unit.
- Argon Gas:** An invisible layer of insulation that slows the transfer of heat through the insulated glass. Included

Tilt-In Sash for Easy Cleaning

Double hung and single hung windows features sashes that tilt in for easy cleaning of the outside glass. This feature is especially appreciated on second floor windows.

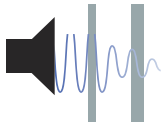

Anlin Sound Package

Reduce up to 50% of outside noise!
Compared to typical dual-pane windows.

Ali'i Extreme windows come standard with sound suppression technology engineered to reduce exterior noise, making your home a quieter, more comfortable place to live.

Dissimilar thickness glass breaks down sound waves entering your home, substantially reducing outside noise.

Laminated Security Glass

Anlin First Guard Laminated Security Glass meets rigorous industry codes, including the American Society of Testing Materials standard for preventing forced entry ASTM F1233.

Easy to Open and Close

High-quality rollers and a constant-force stainless steel balance system ensures smooth operation of sliding and hung windows. Windows glide effortlessly, with rollers that have precision needle bearings and stainless steel axles for a lifetime of smooth operation.

Lifetime Screen Frame

Anlin Aluma-Force heavy duty screen frame is made to last with thick walls of extruded aluminum and the built-in pull rail provides easy removal.

BetterVue® Screens

BetterVue® screens allow a much clearer view than standard screens. At the same time, they increase airflow and protect better against insects. The screen mesh is infused with antimicrobial protection.

BetterVue® Screen

Standard Screen

Loaded with Features for Convenience and Security

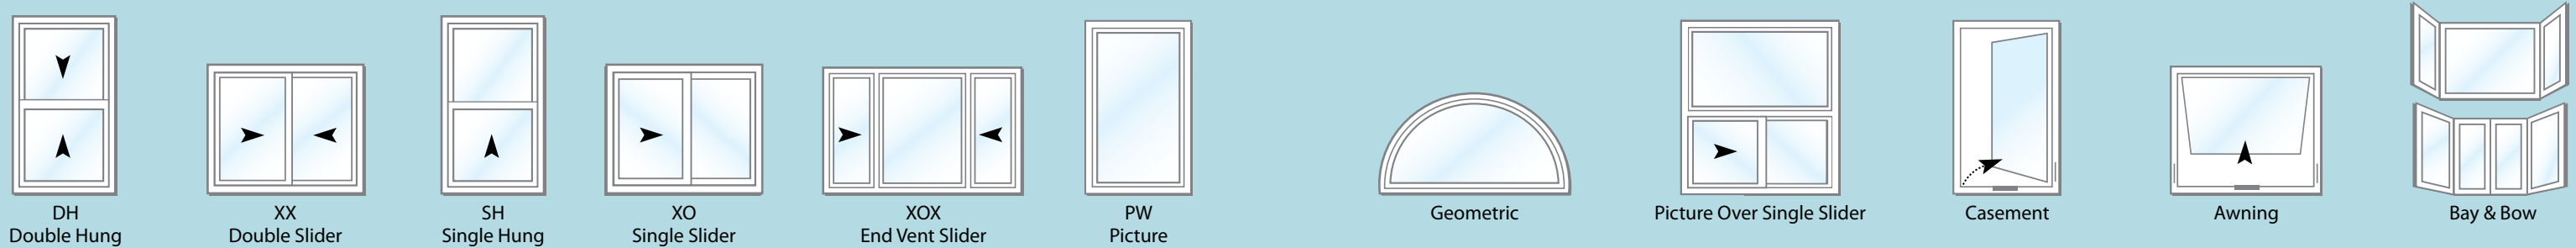

Built-in ventilation latches and anti-lift stops work together to allow your windows to be open a few inches for ventilation without being able to be opened further, and without being able to be lifted out of the frame.

All Ali'i Extreme products pass stringent forced entry resistance tests.

Sample Configurations

Frame Colors

Hardware Options

Pull-Tight Cam Lock
(Available in White, Tan, Adobe, Bronze, Brushed Nickel, and Polished Brass.)

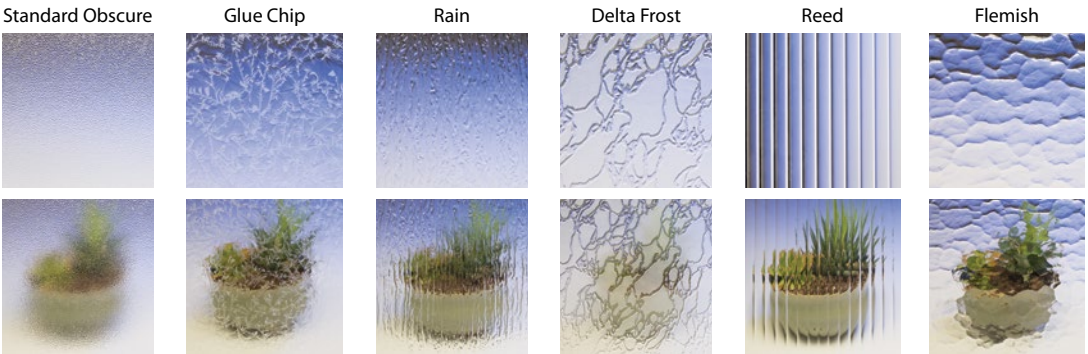

Pulls the frame and sash together for a weather-tight seal.

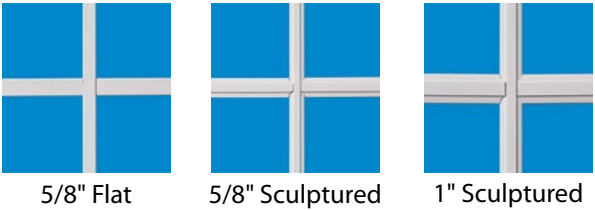

True Action Locks
(Optional Upgrade)

Locks automatically when the sash is closed and can be ordered in a range of colors and finishes.
