

Ali'i EXTREME

Window & Door Series

TRUE DOUBLE LIFETIME LIMITED WARRANTY

FOR RESIDENTIAL HOME OWNERS IN HAWAII

Anlin Windows and Doors ("Anlin"), fully warrants to the "Purchaser" of its Ali'i Extreme series vinyl window and patio door products, and associated screens ("Products") installed in single or multi-family residences owned and occupied by Purchaser as replacement or new construction ("Home"), that as long as the Purchaser continuously owns and occupies the Home, the Products will be free from defects in materials or workmanship and that Windows Hawaii, on behalf of Anlin, will repair or replace any Products that are defective in materials or workmanship free of charge. This Warranty includes the costs of all parts, including freight, and labor. If, in Anlin's sole opinion, it is not commercially practical to repair the Product in a timely manner, Anlin will, at the Purchaser's option, either replace the defective Products or refund the purchase price. This warranty is effective for all Ali'i Extreme series vinyl window and patio door products manufactured on or after November 1, 2018 purchased and installed in the State of Hawaii by Windows Hawaii.

ACCIDENTAL GLASS BREAKAGE

This warranty also includes Complimentary Accidental Glass Breakage Replacement to the "Purchaser" for as long as the Purchaser owns and continually occupies the home. This service includes specialty glass such as: special obscured glass, tinted glass, tempered glass, V-Groove glass, but excludes laminated glass. In the event the original style of glass is no longer available Anlin will select a replacement glass that in its assessment is the most similar to the original style.

WHO IS COVERED

The "Purchaser" is covered by this Warranty. For purpose of this Warranty "Purchaser" shall mean the individual(s) who owns and occupies the Home when Products are installed and the next subsequent owner of the Home for as long as they own and occupy the Home.

COVERAGE

The "Beginning of Coverage" is the date of manufacture of Anlin Products. The length of coverage is set forth below.

| Coverage | Original Purchaser | One Subsequent Homeowner |
|---------------------------|----------------------|--------------------------|
| Vinyl | True Double Lifetime | Lifetime |
| Glass Unit | True Double Lifetime | Lifetime |
| Hardware | True Double Lifetime | Lifetime |
| Screens | True Double Lifetime | Lifetime |
| Labor (Entire Unit) | True Double Lifetime | Lifetime |
| Free Freight on All Parts | True Double Lifetime | Lifetime |

PET DOORS

Anlin pet doors will be free from defects in materials or workmanship for a period of 2 years from date of manufacture.

REGISTRATION OF WARRANTY

THIS WARRANTY WILL ONLY BE EFFECTIVE if within forty five (45) days following completion of installation of the Anlin (Ali'i Series) products the attached registration is provided to Anlin by Windows Hawaii or Original Home Owner via fax, email or mail to Anlin Warranty Registration 1665 Tollhouse Road, Clovis, CA 93611. Warranty fax 559-322-1532.

TRANSFERABILITY OF WARRANTY

This True Double Lifetime Limited Warranty may be transferred by the original owner who owns and occupies the Home when the Products are installed to the next subsequent owner who also occupies the Home on the following condition: Within 90 days of the transfer of ownership of the Home from the original owner to the next subsequent owner, the original owner or the next subsequent owner must notify Anlin of the transfer of ownership. The notification can be by phone, mail or email, but must include the name(s) of the original owner, the name(s) of the next subsequent owner, the address of the Home and the date of transfer. Failure to comply with this condition will result in the termination of this Warranty on the date the original owner no longer owns or occupies the Home. If the condition is satisfied, the Warranty described herein will remain effective during the period stated herein from the date of manufacture.

WHAT IS NOT COVERED

- Any products other than Ali'i Extreme Windows and Doors manufactured by Anlin Window Systems.
- Any products manufactured by Anlin Window Systems installed in a non-residential building.
- Damage or defects related by improper installation, storage or handling or failure to properly care for and maintain the Anlin Product.
- Damage or defects related to normal wear and tear, natural weathering, abuse, misuse, vandalism, natural catastrophe, acts of God.
- Damage or defects caused by paint, solvents, chemicals, after market films/tints, customer applied finishes, fumes, vapors, mildew or air pollution.
- Damage or defects caused by building settlement or structural failures of walls and/or foundations.
- Damage to Anlin Products that occur before installation is complete.
- Anlin Products that are installed in buildings that have a non-drainable EIFS or DEFS siding product.
- Damage to ThermaCoat SRC coating that occurs as the result of: lack of maintenance, including the removal or cleaning of known contaminants such as tree sap, resin-pollen, dead bugs, bird droppings, acid rain, paint over-spray, normal weathering in extreme environments. Damage to ThermaCoat SRC coating that occurs as the result of ANY solvent based cleaners.
- Damage that occurs as the result of water and/or wind intrusion and/or animal and/or people coming into and/or leaving the structure by way of the Anlin Freedom+ pet door. While Anlin Freedom+ pet doors will keep the interior of the building in which they are installed comfortable under most circumstances, they are not weather proof and the closing panel provided with the door is not a security device. Anlin will not be responsible for damages or other consequences that arise as the result of an animal or people (including small children) passing through or attempting to pass through the pet door either into the structure or to the exterior.
- Costs associated with: scaffolding, lifts or specialty equipment for installation of any replacement part.
- ThermaCoat SRC coating on the vinyl is NOT covered under this warranty. ThermaCoat SRC is warranted against cracks, peels and blisters for a period of 10 years from the date of manufacture. If ThermaCoat SRC coating cracks, peels or blisters during the first 10 years from the date of manufacture, Windows Hawaii, on behalf of Anlin, will repair or replace, in its sole discretion, the Anlin Part with the ThermaCoat SRC defect at no cost to the homeowner.

ADDITIONAL LIMITATIONS

THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS AND YOU MAY ALSO HAVE OTHER RIGHTS THAT VARY FROM STATE TO STATE.

THIS WARRANTY IS EXPRESSLY IN LIEU OF ALL OTHER ORAL OR WRITTEN EXPRESS WARRANTIES, LIABILITIES OR OBLIGATIONS OF ANLIN.

IN NO EVENT SHALL ANLIN BE LIABLE FOR CONSEQUENTIAL OR INCIDENTAL DAMAGES OF ANY KIND (OTHER THAN LABOR AND PARTS TO REPAIR OR REPLACE ANLIN PRODUCTS UNDER THIS WARRANTY), INCLUDING ANY DAMAGE TO THE BUILDING, ITS CONTENTS OR ANY PERSON, RESULTING FROM THE BREACH OF ANY WARRANTY, BREACH OF CONTRACT, NEGLIGENCE, STRICT LIABILITY OR ANY OTHER LEGAL THEORY. SOME STATES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO YOU.

This Warranty can only be modified, revised or changed by a writing signed by a duly authorized Officer of Anlin.

PROPER CARE AND MAINTENANCE

FOR ANLIN VINYL WINDOWS AND DOORS

Frame Cleaning:

- Vacuum dirt from sill and track areas before washing.
- Clean window and door frames with a mixture of mild dish soap and water.
- Abrasive or caustic cleaners or solvents are NEVER recommended.
- Always rinse completely with clean water and wipe dry.

Drainage Systems:

- Check to make certain the drainage or “weep holes” are always clear of dirt, stucco, sand or building materials, both inside and outside the window or door in the bottom of the frame.
- It’s normal for water to accumulate in the sill or track area with wind driven rain. The water is intended to drain to the outside as water builds up or outside pressure subsides.
- Keep sill or track areas clean of dirt or debris.
- Use a small, soft bottle brush to clear openings.

Glass Care:

- Clean glass with mild dish soap and clean water.
- Avoid washing glass in direct sunlight.
- Never use any petroleum-based cleaners or caustic chemicals on your glass.
- Never use a razor blade, putty knife or abrasive pad to clean the glass.
- Never use a high pressure spray nozzle when rinsing your windows and doors after washing.
- Abrasive or caustic cleaners are NEVER recommended because they might cause permanent damage to the finish/coating or the glass.

Screens:

Clean screens by first removing, then washing on a flat, clean surface with mild dish soap and water and a very soft brush. Rinse, wipe dry and reinstall.

Condensation & Mold:

- Condensation can be a natural occurrence in the home.
- Check all windows and doors for airtight seals.
- Open windows and doors whenever practical to allow interior moisture to escape.
- Regularly use ceiling fans to circulate the air.
- Use exhaust fans in rooms with high humidity (bathrooms/kitchen).
- Use dehumidifiers to reduce the amount of moisture inside homes with high humidity.

KEY DO'S AND DONT'S

- | | |
|---------------|---|
| DO: | Clean the frame surfaces. |
| DON'T: | Use a razor blade, putty knife or abrasive pad. |
| DO: | Use a glass cleaner or mild dish soap. |
| DON'T: | Use any petroleum-based cleaners or solvents. |
| DO: | Clean tracks and “weep holes.” |
| DON'T: | Use oil-based lubricants. |
| DO: | Check weather stripping and hardware. |
| DON'T: | Live with poor performing components. |
| DO: | Clean your insulated glass with proper cleaning agents. |
| DON'T: | Add attachments to the glass or frame without approval from window manufacturer. |
| DO: | Choose CERTIFIED (NFRC/AAMA) window and door products. |
| DON'T: | Settle for products that do not meet important water, air infiltration, structural and thermal performance standards. |
| DO: | Read and understand your manufacturer’s warranty and install per AAMA/manufacturer’s instructions. |
